SHERIN SHANAVAS

Junior Front End Developer

Perunguzhi, Chirayinkeezhu | *E-mail* | *Linkdn* | *GitHub* |8078728291

Objective

Proactive and enthusiastic MCA graduate with a keen interest in front-end web development. Proficient in HTML, CSS, JavaScript, React.js, and Bootstrap, with hands-on experience in designing and developing responsive, user-friendly, and modern web applications. Known for strong problem-solving skills, quick adaptability, and effective teamwork. Passionate about building engaging digital experiences and eager to contribute to a forward-thinking organization while continuously enhancing my technical expertise.

Education

CHMM College For Advanced Studies, Chavarcode   Aug 2023 – June 2025

- Post graduation – MCA
- GPA: 7.95/10

St. Xavier's College, Thumba   July 2020 – May 2023

- Under graduation- BSc Mathematics
- GPA: 8.5/10

SSVGHSS, Chirayinkeezhu   July 2018– May 2020

- Higher Secondary
- Percentage: 93%

SSVGHSS, Chirayinkeezhu   June 2017– May 2018

- High School (SSLC)
- Percentage: 95%

Academic Projects

Field Theory – theoretical study

- Studied algebraic structures and properties of fields with a focus on finite fields and their applications.

- Gained strong understanding of **basic and advanced concepts** including field properties, field extensions, and algebraic closures.

- Understood and explained the **importance of Galois Theory** and its role in solving polynomial equations.

JudiSync – Web based judiciary system ([GitHub](#))

- Developed a web-based platform digitalizing judicial procedures making them easier for the public including the petitioners as well as judicial servants to utilize the services efficiently and effectively.

- Implemented secure user registration, login, and role-based access controls using ASP.NET Web Forms.

- Utilized ADO.NET for database connectivity and CRUD operations with SQL Server

- Designed master pages and user controls to maintain a consistent UI throughout the application.

- Ensured form validations, dynamic dropdowns, and responsive data display using built-in ASP.NET controls.

- Technologies: ASP.NET Web Forms, C#, SQL Server, ADO.NET, .NET Framework 4.8

Hobby Project

- Created Flipkart clone using HTML, CSS, and Bootstrap.
- Created a to-do application using HTML, CSS, and JavaScript.
- Created a calculator using JavaScript.
- E-commerce website using React.js(ongoing). github

Case Study

Conducted a case study on the topic "Artificial intelligence in Gene therapy".

Internship

- Front end Development.
- Programming languages: HTML, CSS, JavaScript, Bootstrap, React
- Have performed 4+ mini projects related to front end development

Technical Skills

- Front end development (HTML, CSS, Bootstrap, JavaScript, React).
- Basic knowledge in python, MySQL.
- Typing Speed: Approximately 38-40 words per minute (WPM)
- Microsoft Suite (Word, Excel, PowerPoint)
- Basic Knowledge of data handling
- Internet browsing and data collection
- Data Entry
- Tools: Git, GitHub, VS Code, SQL Server Management Studio

Personal Strengths

- Fast learner and adaptable
- Punctual and disciplined
- Good attention to detail
- Can work independently and manage repetitive tasks
- Problem solving
- Time management

Languages known

- Malayalam
- English
